

THE ART OF INCLUSION

Women and young artists, craftspeople and creators for change, sustainable development, inclusion and social innovation in the cities of Douala, Yaoundé, Bafoussam and Mbalmayo.

THE CONTEXT

Cameroon, ranked 153 out of 189 countries on the Human Development Index with a poverty incidence of 45.3 %, faces the challenge of inclusive growth for the most vulnerable.

The gender inequality so evident in the world of work, also limits the participation of women in social and cultural life. This is why the project is in line with the priorities of Cameroon Vision 2035 and the National Gender Policy, which aim to fight social exclusion and gender inequality.
